Important information about your AT&T Wireless Voicemail

Effective June 30, 2001, you will no longer be able to dial *86 or #86 from your wireless phone to access your voice mail. Please dial your 10 digit wireless phone number, press # to skip the greeting and enter your password. Or refer to your phone's owners manual for instructions on how to program your voice mail key. Or, simply call Customer Care at 1-800-888-7600 and one of our representatives will help you with the programming change. If you prefer to call Customer Care, please call from your home or office telephone and have your wireless phone with you and charged for the programming of your voice mail key. One-touch dialing instructions can also be accessed by logging on to our web site at www.attwireless.com then clicking on Phone Instructions.
