International Mobile Rate
 You may see a new international mobile rate on your future bill. Some foreign companies charge additional fees for calls to wireless phones/devices. As a result, AT&T Wireless is passing on these fees. To see a current list of affected countries, please visit attwireless.com/international. Rates are subject to change without notice.

Regulatory Programs Fee
 The \$1.75 Regulatory Programs Fee helps to fund AT&T Wireless compliance with various government-mandated programs such as E911, number pooling, and local number portability; which may not yet be available to all subscribers. It is an additional monthly charge created, assessed and collected by AT&T Wireless. For more information and a description of these government programs please visit our website at <http://www.attwireless.com/rpf>.

SUMMARY OF CHARGES (CONT.)

FOR 202-258-7248

Information about Number Portability
 Beginning November 24, wireless customers in some markets may be able to switch wireless providers while keeping their current wireless number. So, if your friends or family want to switch to AT&T Wireless, they may be able to switch without losing their current wireless number. If we receive a request to transfer your number to another wireless provider, we will treat that as a notice from you to terminate service for that number. Although we will honor a valid request to transfer a number as soon as possible, you will be responsible for all charges and fees through the end of your billing cycle, including any applicable early termination fee.

SUMMARY OF CHARGES (CONT.)

FOR 202-258-7248

Information about Number Portability
 Beginning November 24, wireless customers in some markets may be able to switch wireless providers while keeping their current wireless number. So, if your friends or family want to switch to AT&T Wireless, they may be able to switch without losing their current wireless number. If we receive a request to transfer your number to another wireless provider, we will treat that as a notice from you to terminate service for that number. Although we will honor a valid request to transfer a number as soon as possible, you will be responsible for all charges and fees through the end of your billing cycle, including any applicable early termination fee.
