

Alisha Owens

After pursuing many leads, on October 30, 1989, this writer contacted Alisha Owens at the Women's Reformatory in York, Nebraska. I spoke with Alisha for approximately three hours, during which time she indicated that she had been heavily involved in pornographic and sexual activity with various individuals in Omaha, including former personnel of the Franklin Credit Union. During this first discussion with Ms. Owens she initially indicated that homosexual activities also occurred involving Alan Baer, Harold Anderson and Robert Wadman.

It should be noted that Ms. Owens remitted this information without being directly questioned about these specific individuals.

On November 7, 1989, this investigator and staff member, Karen J. Ormiston, returned to the penal facility in order to take an in-depth video taped statement from Alisha Owens.

Following is the information gained from Alisha during the video taped statement. Please note that Alisha signed a Waiver indicating that her statement was given voluntarily. See Exhibit A-1. The penal complex also requested that she sign an Inmate Consent Form which is labeled Exhibit A-2. In addition, calendars for the years of 1983 to the present were provided so that she would be able to pinpoint dates of events. These are marked Exhibit A-3. The video taped statement commenced at 11:38 AM and terminated at approximately 10:00 PM. There were several short breaks taken during which time we changed interview rooms due to inmate traffic. The following information was gained from the video taped statement marked Exhibits VID I and II.

During the course of the statement, Alisha stated that she first became involved with Larry King in August of 1983. Alisha was 14 years old at this time. She indicated that she met Larry King through some boys from Boys' Town, among them Jeff Hubbell. Jeff had invited her to a party that next Friday night.

This first party was held in August of 1983 at a Twin Towers penthouse, or top floor apartment. Alisha arrived with Troy Boner and Jeff Hubbell at approximately 10:00 PM in a car that Troy was driving. Present when they arrived at the party were Larry King, Bob Wadman, Alan Baer, Harold Anderson, and other adults that Alisha did not identify at this time. Minors present were Larry (Last name unknown), Kris (Last name unknown) of Boys Towns, a friend of Troy's from Boys Town, Lisa (unidentified black female), and another white female.

Alisha estimated that there were approximately six adults and 20 minors. Jeff Hubbell had told Alisha prior to going to the party that there would be marijuana, alcohol, and so much cocaine

available at this party that "she would think it's snowing." Troy had also told her about this party. Alisha stated that the party was held at Alfie Allen's apartment in this building.

Alisha said that they got very drunk because they could "play bartender" and have any kind of drink they wanted.

At this party a game called "501" was played by the kids while the adults watched. This game involves one individual undoing another individual's jeans (501 jeans) with their teeth and toes.

There was a "professionally made" pornographic tape showing portraying two males, approximately age 17, engaging in homosexual acts.

Alisha observed Larry King and Larry (Last name unknown, black youth) going into one of the bedrooms. She observed later when the black youth emerged from the bedroom that he was tucking in his shirt and fastening his pants. Alisha also observed Alfie Allen going in and out of this bedroom numerous times.

She observed a young boy approximately 14 years old sitting on Harold Anderson's lap. She then observed this boy and Harold Anderson going into one of the bedrooms.

Alisha observed many people at this party using marijuana and using cocaine. When I asked her if Robert Wadman observed this also, she stated that he did observe this activity.

Alisha observed Alan Baer using "two lines" of cocaine and smoking marijuana.

Alisha said that Wadman stayed for approximately two hours.

No blatant sexual activity was observed by Alisha at this party.

Alisha does describe this apartment in detail, including where the doors are and how the furniture was arranged.

Discrepancies on this party: A. said she arrived with Troy Boner and Jeff Hubbell, in Troy's car. She later says that Troy Boner arrived later.

The next party was held that next Friday on August 31 or September 7, 1983. Again the party was held at the Twin Towers penthouse apartment. Alisha went to this party with Troy and Danny King. Prior to going to the party, Alisha, Danny, and Troy had dinner in the Old Market area. Present when they arrived at the party were Alfie Allen, Larry King, Alan Baer, and Robert Wadman. Harold Anderson arrived at this party later. Also present were two males who were personnel from the French Cafe and a female identified as Shelia Calder, who was also employed

by the French Cafe. Another individual present was a male in his 40's with tinted glasses who was involved with Peony Park.

Again, pornographic movies were being shown depicting homosexual activity. Acid, marijuana, cocaine, and alcohol was available. The "501" game was again played.

Alisha participated in this game and Robert Wadman asked her if she could undo his zipper with her teeth. When Alisha balked at this, various people at the party teased her and said that, "Maybe she's just a little girl and shouldn't be there." She then undid Wadman's zipper with her teeth as she knelt on a cushion in front of him. As she was unzipping his zipper, he was running his fingers through her hair.

This same night, Wadman asked Jeff Hubbell if Alisha was a virgin. She said that she wasn't. Then, sometime between 12:00 AM and 3:00 AM she sat on Wadman's lap. While she sat on his lap, he felt her with his hands on her breasts, thighs, and between her legs.

Sexual activity occurred between Danny King and Larry King. Danny King performed oral sex on Larry King in a bedroom with Larry (Last name unknown).

A young boy was sitting on Harold Anderson's lap with his pants undone. He was stroking the child's penis. The name of the child is unknown.

Alan Baer grabbed Troy Boner and kissed him and pulled him close to him. They then went into one of the bedrooms.

Photos were taken at this party by various people, and also by a professional photographer described as a white male.

Also observed by Alisha were Alan Baer using cocaine and Larry King smoking marijuana.

Peter Citron was present with a male child approximately 11 years old and possibly identified as "Andy". He is described as having red hair, blue eyes, and a slight build. She stated that Peter Citron would pay Andy to go to his residence and engage in sexual activity.

Alisha had sexual intercourse for the first time during this party with Troy Boner, and she felt that she was "supposed" to lose her virginity for the purposes of sex with other individuals in this group.

Alisha received fifty dollars at this party from Jeff Hubbell.

Discrepancies: She indicates that Peter Citron was there with a

young boy, however, he was not present when they got there. He may have arrived later?

A third party occurred on the 21st or 22nd or September, 1983, at the same Twin Towers apartment. Alisha had turned 15 on September 18th. Present at this party were Troy Boner, Alan Baer, Robert Wadman, Jeff Hubbell, Larry King, Larry (Last name unknown), Danny King, and Harold Anderson.

Harold Anderson was "with" Danny King.

On the above evening, Robert Wadman told Alisha that she was pretty and asked her if she was wearing anything underneath her clothing. He asked her if she was wearing a bra. Sometime around 10:00 PM to 12:00 AM, she was sitting on his lap. He indicated to Alisha that he knew she wasn't a virgin and he then felt her breasts. He told her that she had nice breasts. He felt her genitals and unzipped the zipper to the jumpsuit she was wearing. She asked him to stop and he grabbed her wrist very tightly and twisted her wrist.

He then removed her clothing and asked her if she knew what fellatio was. He said that he would show her what it was. He then instructed her to perform oral sex. Robert Wadman's pants and underwear were down. He pinched her on the breasts. She was kneeling on a cushion on the floor and he was stroking her hair and her breasts, while she was performing oral sex, and he was also grabbing her head and forcing her to perform oral sex on him. I asked her if Robert Wadman had made love to her. She replied no, that he had sex with her.

Alisha said that she was afraid during this encounter and thought that Robert Wadman would tell her parents. After this sexual activity, she began to cry and went to the bathroom where she vomited.

Wadman then told her that he would buy her a new dress and to go to Brandeis on Monday and pick one out. He also told her that he would take her to lunch on Wednesday and that she would be able to "just walk out of school." He also told her that he was a policeman and that he "had a lot of pull." When Troy Boner took Alisha home from this party, he told her that Robert Wadman was the Chief of Police for Omaha.

The next Wednesday she met Robert Wadman. He picked her up at 28th and Dodge at the bus stop. She had walked out of school at approximately 1:00 PM on October 3, 1983. She indicated that he was driving a brown K-car. They went to the French Cafe. The two owners of the French Cafe, a bartender, and Shelia Calder were present at the cafe. The bartender is described as being Greek or Italian, with dark eyes, approximately 5'11", and good looking.

Note the previous Monday she had gone to Brandeis and picked out a black lace dress in the basement area of Brandeis. She signed her name and address to a slip a paper (receipt) at the store. The dress was a size 10 and cost 115.00. (See Exhibit A-4 for a photo of the dress.)

While at the French Cafe, Wadman gave her this dress and said that he wanted to show her the wine cellar. They went through the kitchen and down some stairs. The kitchen employees did note their presence. When Alisha and Robert Wadman arrived in the wine cellar, it was actually a storeroom, he wanted her to try on the dress and made her "feel like a heel" if she didn't do this. She removed her clothing and put on the dress. He said that she would look better without the dress so she took off the dress and he removed her panties and sat her on top of a table and spread her legs. He then began touching her and she was crying because she was afraid that he would rape her. He masturbated and ejaculated on her. When he ejaculated, she physically drew back which made Wadman very angry. She stated that she did not have the semen cleaned off the black dress.

She also stated that Wadman bought her a peach teddy which cost 50.00.

Approximately one month later Troy Boner told her "who's who" and told her who Harold Anderson, Larry King, and Alan Baer were.

The next party occurred approximately two weeks later, again at the Twin Towers apartment. Bob Wadman was present and from what had occurred previously, Alisha stated that she was now afraid of him.

Present also were Larry King, Peter Citron, and Alan Baer. Other kids were present, among them the black female named Lisa, and the female with the blond hair whose name is unknown, and Troy Boner and Danny King.

Cocaine was available.

Troy Boner and Danny King were using cocaine.

Alisha wanted to leave but Larry (Last name unknown) told her, "You're not leaving."

She noted that Alan Baer and Troy Boner engaged in sexual activity.

She stated that Danny King drove her home from this party.

Please note that sometime prior to this party, she was in this apartment. (The apartment became a "hangout" for various kids.) She noticed a photo album in the apartment and in the album she

saw pornographic pictures of herself, Troy Boner, Jeff Hubbell, Andy (Last name unknown), and other kids. She noted that no adult faces were shown in the photographs.

Discrepancy: When Alisha is asked later in the tape about the album she states that Alan Baer, Peter Citron, and very young boys are were pictured in a pornographic manner.

When Larry (Last name unknown) observed her looking at these pictures, he retrieved a gun, showed it to her, and threatened her if she said anything about the photographs.

In short, Alisha attended numerous parties during the months of August, 1983, through December of 1983 where activities of this nature occurred.

Many questions were asked of Alisha regarding her activities and the activities of other people in this group of people that she became acquainted with during the years of 1983 to 1988.

Following is information reference sexual activities which she was aware of:

She stated that during parties sexual encounters would occur between adult males and minor males. Usually present at these "parties" were Larry King, Robert Wadman, Gene Mahoney, Alan Baer, Peter Citron, Harold Anderson, and the superintendent of a school.

She has witnessed sexual encounters between Troy Boner and Alan Baer; Larry King and numerous kids, among them Andy (Last name unknown), Danny King, and Jeff Hubbell; Harold Anderson and a young boy; Peter Citron and Andy (Last name unknown); Peter Citron and Chris Parker; and Troy and the superintendent. She said that these sexual encounters usually involved oral sex.

She told me that a photograph was taken of her at a later party while she was tied up. It is probable that the photograph was taken by Rusty Nelson. She describes Rusty Nelson as having blond hair, mustache, average build, approximately 27 years old, and that he has acne scars on his face. She met him in the summer of 1985. She also stated that an ex-boyfriend of her's may have a nude picture of her which was taken by him.

Reference group sex, she said that she participated in group sexual encounters with Troy Boner, Jeff Hubbell, Danny King, Larry (Last name unknown) and Joel Webb. Please note that all of these individuals were minors. During these group sex encounters, she stated that Larry King was present and that photos were taken of the group sex encounters by Larry King and the photographer, Rusty Nelson. She mentions that her hands were handcuffed and her feet were tied up.

She describes another photographer who she witnessed emerging from a bedroom at the Twin Towers apartment as a black male with graying hair.

She states that an individual named Mike Mercer who is a friend of Larry (Last name unknown) also attended these parties.

She said that Alan Baer "cruises" the Old Market area for young boys, then takes them back to his office where he has them run naked on a treadmill while he watches them. This has been corroborated by Troy Boner who did perform this activity for Alan Baer. Troy also told Alisha that he has done this on numerous occasions and that Alan Baer would give him money for doing this. She saw Alan Baer give him money on numerous occasions.

She stated that Peter Citron likes very young boys and that he also "cruises" the Old Market area for them. He would give them money to clean his house, which would then lead to a sexual encounter between the boy and Peter Citron. At one point, she had given a ride to the young boy named Andy (Last name unknown) to Peter Citron's house in 1987. She also said that she has seen Peter Citron and Andy engage in heavy petting and then go into one of the bedrooms at the Twin Towers apartment.

She states that she witnessed a young boy sitting on Bob Wadman's lap at a party and that he had his hands between the boy's legs. This occurred at one of the first parties she attended.

She also discussed the activities of Harold Anderson. She said that he likes young boys and that his "regular" boy is named Jeremy (Last name unknown) and that he was approximately 14 years when she witnessed them together. She said that Harold Anderson gives money to boys and that she has seen young boys performing oral sex on him. She stated that she has witnessed Danny King performing oral sex on him. She said that he likes to watch the "501" game.

She said that she witnessed Larry King taking a bubble bath with a male minor identified as Kurt (Last name unknown) in 1983 at the Twin Towers apartment.

I asked her to elaborate on the superintendent she mentioned as attending the "parties." She said that he lives approximately 40 miles from Omaha, is gay, older, balding, wears dark glasses, has a large "belly", is in his 40's, has bad teeth, and stands approximately 6'. She stated that this individual had sex with Troy Boner at the Twin Towers apartment and that he gave money to Troy for this. She indicated that Troy has an uncle who is some type of school administrator, and that this may be Troy's uncle. She stated that this individual may be from Glenwood, Iowa, but she is not sure about this. She states that this individual also went on plane trips with kids.

Discrepancy: This fact is not noted in any of the plane trip descriptions.

Corroboration: You will later see that another witness, Danny King, identifies Deward Finch, former superintendent of the Fort Calhoun High School as an individual who he had sex with on many occasions. He also fits the description as related by Alisha.

Other information from Alisha was that Troy Boner and Danny King were taken to Council Bluffs by adult males for sexual purposes.

Corroboration: Troy Boner and Danny King relate these events in detail in their respective video taped statements.

She also stated that Danny had stayed in the bedroom in the basement of the Franklin Credit Union numerous times.

Discrepancy: I don't think Danny says this.

She said that sexual encounters occurred at The Max Bar located in Omaha, and at The Run, also a bar in Omaha. A party room was mentioned above The Run where this activity took place, however, these encounters mostly involved adults. Danny King, Troy Boner, Jeff Hubbel, and Joel Webb would participate in sexual encounters at The Max Bar.

Discrepancy: Alisha does not say what, if any, adults were there.

It was her opinion that someone in administration at Boys Town is involved and/or aware of these activities because these boys have no trouble getting out of Boys Town to attend these parties.

Alisha also describes a forced sexual encounter which occurred at the French Cafe in August of 1985. Present were five boys from Boys Town, Tom McKinney, and Judge Theodore Carlson, among others. Larry (Lnuk) told her that "someone is waiting downstairs and you'd better be good." When she got downstairs, Judge Carlson was waiting for her. At this time, she performed oral sex on him. Also regarding Judge Carlson, a previous sexual encounter had occurred between them at the Quality Inn located in Bellevue, NE. She performed oral sex on Judge Carlson, and the encounter lasted approximately 20 minutes. She stated that Larry (Lnuk) drove to this location. This encounter occurred in April of 1984.

It should be mentioned at this time that the individual identified as Larry (Lnuk) is known as Larry King's "henchman." I have been unable to determine his last name. It wasn't usual for the individuals in this group to divulge their last names, and it was also common to use aliases.

When asked about Shelia Calder, Alisha describes her as tall, blond, big-boned, 5'9", attractive, with a very loud voice. She said that Shelia Calder had appeared at one of the parties briefly to talk to the "fatter" of the two men from the French Cafe which were at this party. She also said that Shelia Calder unlocked the doors of the French Cafe when she and Bob Wadman had lunch there. She said that Shelia Calder would arrange parties at the French Cafe during the afternoon when the cafe was closed, and also late at night.

The relationship between Robert Wadman and Ms. Owens is extremely significant reference her testimony. In essence, the relationship was initiated by Wadman in the summer of 1983 when Alisha was 14 years old when she met him at the first party at the Twin Towers. In addition to the French Cafe encounter, she had sexual encounters on many, many occasions. She was either 16 or 17 at this time.

Discrepancy: How old was she? She says that she is 13 or 14 when she meets Wadman and then she says that she was 16 or 17 at the time of the sexual encounter at the French Cafe.

She would usually meet with Wadman every Wednesday from January of 1984 to May of 1984, in addition to previous sexual encounters. At this time, she was a sophomore in high school. She would leave school and either Wadman or Larry (Lnuk) would pick her up. She said that two individuals probably witnessed her being picked up by Wadman or Larry; Chris Davis or Lee Uris (sp). These two individuals were also high school students. See Exhibit A-5 for a record of Alisha's absences from school obtained from the Superintendent of Omaha Public Schools.

Discrepancy: RJ questioned Chris Davis who is now living in Grand Island and he denied being aware of this activity.

She and Wadman would then engage in sexual encounters at various locations; the Starlight Motel in Council Bluffs, Iowa; the Quality Inn in Bellevue, NE; Twin Towers located at 28th and Leavenworth, Omaha, NE; and the Holiday Motel in Bellevue, NE. She said that sometimes he would have her engage in sex with other men at these locations. She stated that pornographic photographs were taken of her engaging in sexual activity with these other men. She stated that Wadman "slapped her around" at the Holiday Motel. She states that Larry (Lnuk) would wait outside the motels in his car as a threat to her. He would also "slap her around" if there were any complaints from various men about her performance. She said that she knew if she didn't "perform" that Larry (Lnuk) would either beat her up, make her disappear, or otherwise hurt her.

She received no money for these encounters. She was also tied up by one of the men and was threatened to be tied up by Robert

Wadman.. He would also pinch her breasts and genitals and pull her hair.

The sexual encounters were usually one-on-one at the motels, however, at one point Wadman asked her if she would participate in a lesbian encounter at the Starlight Motel in Council Bluffs, Iowa. This occurred in the Spring of 1984 when she was 15 years old. She declined to participate in the lesbian encounter.

Alisha was familiar enough with Robert Wadman that she refers to him as "Rob."

She said that everyone in this group called him Rob, however, Danny and Troy do not say this.

It is also possible that Wadman is the father of Alisha's child.

Did Wadman take a blood test when he was in Omaha recently?

Also, she said that Wadman telephoned her when he was in Washington D.C. and that the call was made from Larry King's apartment/residence in that city. Her address at that time was 1302 North 49th Avenue, Number 1, Omaha, NE. Wadman told her that he was at the townhouse there and he wanted her to "talk dirty" to him over the telephone, which she did. He also invited her to come to Washington D.C. for a day, however, she declined. She indicated that her telephone at that time was 558-2577.

Corroboration: The telephone number and records of the townhouse, and the telephone number of Alisha's apartment should be obtained if this is not the correct number.

Please note that Alisha became very upset when discussing her sexual activities with Bob Wadman, and with other individuals. The video was stopped several times so that she could compose herself.

She said that Wadman had told her that Larry King "owes him a lot" and that "he has done a lot for Larry King."

Alisha also states that sexual encounters occurred at a house located between Pacific and Dodge Street.

Please note that Alisha gives this investigator two further video taped statements during which she relates, among other things, further information regarding her relationship with Robert Wadman.

Regarding illegal drug activity, she stated the following:

She said that Al Lorenzo supplied the drugs for the "parties." She describes him as being in his 30's, dark complexion, with a

big nose and fat lips. She said that she witnessed exchanges of money and drugs at these parties.

She also stated that Al Lorenzo supplied drugs to Larry King, Tom McKinney, and Judge Carlson. She stated that Alan Baer has his own connection.

She stated that Al Lorenzo had told her that Judge Carlson had "gotten him off" during a criminal proceeding.

She said that she was told P.J. Morgan supplied a lot of drugs.

She said that approximately eight months ago, from November 7, 1989, a female pharmacist stole over 100 pills of dioxine (sp) and that these drugs ended up at the French Cafe.

Alisha stated that she did not transport drugs.

Discrepancy: Troy Boner said that she was involved in transporting drugs.

She stated that she witnessed drug transactions at the Starlight Motel in Council Bluffs, Iowa.

Alisha took numerous plane trips at the direction of Larry King for sexual purposes. These trips include trips to Los Angeles, Kansas City, Pasadena, CA. On these flights were other minors. Information regarding these flights is as follows:

Commercial Flights

The first flight occurred during her school spring break toward the end of March in 1987. She carried a small bag onto the plane which she was instructed not to open. She flew from Omaha, NE, to Pasadena, CA. Also present were Larry (Lnuk) who handled the money that Larry King had given him, and Troy Boner. They arrived in Pasadena and went to the beach for four hours, and then came back to Omaha. The airline was United and her ticket was made out to either "Carmelia" or "Carmen."

The second commercial flight occurred in May or June of 1987. Present were Alisha and Troy Boner. They flew from Omaha to Denver to LAX in Los Angeles on United Airlines. Troy and Alisha stayed at a motel called Carmel By The Sea.

Upon their return, Troy told her that he was bringing back pornographic movies for Alan Baer, which he kept with him in a gym bag during the entire flight.

Corroboration: The motel records should be checked.

One month later she flew from Omaha to Las Vegas to Pasadena on

United Airlines. Also present on this flight were Troy Boner, Danny King, and Jeremy (Lnuk), who was described as Harold Anderson's "boy." No other adults were on this flight.

When they arrived in Pasedena, Larry King and three boys from Boys Town were already there. They went to a house that Troy Boner had indicated he had lived in during 1980 or 1981. She thinks that pornographic pictures were taken of Danny, Jeremy, and the three boys from Boys' Town. She does not know the names of the three boys from Boys Town. Then, Larry King and these kids left the same night, probably on a private plane as they were in no hurry to meet a commercial flight schedule.

Also regarding this flight, she stated that by now she was too old to be used sexually and that her main job was to make the kids "feel at ease." She was threatened and blackmailed to do this, since by now she had a young daughter.

She stated that a young boy named John (Lnuk) was very upset with the sexual advances being made toward him and that she had to calm him down. She later saw boxes of labelled videos which were possibly taken that day of the kids.

Corroboration: Do Troy and Danny say they were on this flight? Did Troy live at the above-mentioned house in 1981 or 1982? Check the flight schedules for private charter companies used by Larry King, and also United flights for this time period.

The next flight occurred in October of 1977. The flight departed from Omaha to Kansas City to Las Vegas to LAX in Los Angeles. she indicates that the purpose of this trip was to bring drugs back to Omaha for Alan Baerr. Again, she flew under the name "Carmelia" or "Carmen." She says that Troy Boner made a cocaine buy in an Embassy Suites hotel room for approximately \$4,000, and that he then put the cocaine around his waist for transporting it back to Omaha. She indicates that the hotel was not too far from LAX and they stayed for one day, then returned to Omaha. Upon their arrival in Omaha, Alan Baer met Troy at the Omaha airport with his car. Alisha drove the car that had been parked at the airport prior to their departure. They all proceeded to Alan Baer's office where she witnessed Troy give Alan Baer the cocaine, and also witnessed Troy receiving \$500.00 to \$800.00 for his participation.

She indicates that Troy would periodically travel back and forth between Nebraska and California to obtain drugs for Alan Baer.

Discrepancy: Troy states that Alisha brought the drugs back around her waist.

The next commercial flight occurred in September of 1988, departing from Omaha to Kansas City, to Las Vegas, to LAX in Los

Angeles. Alisha and Troy were thinking of moving to California. When they arrived at LAX, they rented a car, possibly a Hertz, and went to the same house which is located approximately three hours from LAX. They stayed at this house overnight and flew back to Omaha the next day.

The next commercial flight occurred when Alisha flew to Kansas City as a "birthday present from the guys." Troy gave her \$500.00 to spend. Alisha, however, returned to Omaha earlier than planned and this group of people were very upset.

The video tapes marked Exhibits VID I, II, and III explains in more detail the activities and events which occurred on these trips.

Private Flights

The first private flight that Alisha was on occurred in March of 1984. She flew in a small Cessna. They departed from Sky Harbor in Omaha, fueled in Denver, and proceeded to Los Angeles. The flight took approximately seven hours. Also present on this flight were Larry King, a man from the French Cafe, one pilot, a young boy named Aaron (Lluk) Troy Boner, Danny King, and a young boy named Jeremy (Lluk).

The plane landed at a small airport in California, and Larry King and the two young boys, Aaron and Jeremy, got out of the plane. The rest of these passengers flew on to another airport in California. Upon their arrival, Danny and Alisha were taken to an Embassy Suites type motel, and two businessmen came into their room. One man had sex with Danny, and one man had sex with Alisha. They received no money. Please note that she said that Larry King had ordered her to take this trip.

The man that Alisha had sex with she describes as "extremely weird." He hurt her, forced to have anal sex, slapped her and threw her around. He took out a knife and threatened her if she didn't perform oral sex on him, and threatened to cut off her nipples. She was afraid and crying.

She stated that when the men finally left, that they were both very upset. She described Danny as being very upset and angry. Their ordeal with these two men lasted approximately six hours. Also, they were both afraid to take a shower for fear that the men would come back.

Alisha and Danny were picked up the next day by Troy Boner and the man from the French Cafe. Troy apologized to her.

Corroboration: Troy indicates in his video statement that Alisha, after this ordeal, was extremely upset and "smelled" and was a "mess."

The plane fueled in Las Vegas, Nevada, flew to Denver, Colorado, to Lincoln, Nebraska, then back to Omaha, Nebraska.

The next private flight occurred in the summer, possibly July, of 1984. They departed in a Learjet from Sky Harbor in Omaha, NE, to Kansas City. Present on this flight were Alisha, Danny King, Larry (Lnuk), and two pilots.

Upon arriving in Kansas City, Danny and Alisha were taken to what she describes as a hotel with a waterfall. She was scared and crying. Danny was scared and crying. Danny and Alisha were put into a suite and then Larry King and Larry (Lnuk) left them.

Two men described as "businessmen" then came into the room. One had sex with Alisha and one had sex with Danny.

The individual who had sex with her is described as wearing women's underwear and talking "dirty." He wanted to play house, play doctor, talked baby talk, and after the various sexual encounters, he told her that she was a naughty girl and told her to get down on her knees and pray for forgiveness. Aggressive sex occurred including oral sex, and this individual hitting her across the face with a belt. This ordeal lasted approximately four hours.

She indicates that, regarding Danny, one male initially had sex with Danny. She indicates that another person enters the room and that he is now with two men.

When all three of these men finally left, it was apparent to her that Danny, from his demeanor, had "gone through something." He was hurting and "walking funny."

Later Larry King and Larry (Lnuk) came back to the room drunk and headed for the bedroom for the rest of the night. She and Danny slept on the couch and the next day they all flew back to Omaha.

Corroboration: The hotel records should be checked for this time period.

Discrepancy: Danny says in his video statement that Alisha was with two men and that he was with one man.

Please note that Danny and Alisha were still in their teens when these activities, being transported across state lines for sexual purposes, occurred.

Corroboration: Get the ages of Danny, Alisha, and Troy when all of these flights occurred.

She said that Larry King does have his "favorite" pilots and that one pilot's name may be David Hughes.

Corroboration: Locate David Hughes.

She stated that they usually departed from Epply Airfield, KamAir or Sky Harbor, and that she saw a lot of money changing hands between the pilots and Larry King, during the trip from Pasadena. It is possible that the pilots, for money, have altered their log books.

She mentions that at one time she was in the Twin Towers Apartment and a pilot was present, visiting with Larry King about altering logs. This occurred in the winter of 1986. This pilot is described as being 35 to 40 years old, white, with greying hair. She said that he was wearing dark sunglasses and a leather jacket. She also stated that she had not seen this pilot on any of the flights she was on.

When Alisha was asked who participated and who was aware of the transportation of kids across state lines for sexual purposes, she said that Larry King and Alan Baer were aware of this. It is probable that other adults were also aware of this. She stated that Bob Kerry knew about these activities and that Larry (Lnuk) had told her this. Larry (Lnuk) also indicated that Bob Kerry knew about the closing of the Franklin Credit Union before it fell.

Other issues discussed regarding Bob Kerry consisted of Alisha's statements that she had a friend who works for Dixon and Dixon law firm who is responsible for maintaining the keys to the file room. Her name is Jackie Compton, and she has told Alisha that there are various documents with Bob Kerry's signature on them that relate to the Commonwealth ordeal. This is explained in detail in the first video taped statement.

When questioned about matters relating to money that Larry King would spend on these activities she indicated that at one point she had witnessed an argument between Larry King and an individual identified as Gene (Lnuk). Gene wanted money and Larry King told him that he would have to go to the Caymen Islands or Jamaica to get it, but that they could make a vacation out of it. Also, at one point Larry (Lnuk) told her that "Not all money is clean", and referred to a Swiss bank account.

When she was asked why money wasn't hidden in the United States, she said that she had been told that "There are very few places in the world where money is 'safe'." She also stated that it's possible that accounts, or an account, may be listed under some kid's name and social security number.

She stated that she thought money was being laundered through the Cafe Carnival and that Larry King and another "politician" held interest in this restaurant.

When asked about her knowledge of other business enterprises relating to Larry King, she indicated that she thought he owned Precision Bearing and that money may have been laundered through there. She also stated that he had interest in or owned a tobacco shop. She stated that Larry King's catering business was a "farce."

Further questioning by me about various other matters and individuals resulted in the following information:

*Alisha stated that she last saw Larry King in August of 1988 with Troy Boner. She stated that she has had sexual encounters with Larry King. She also states that she first met Troy Boner in 1984.

Discrepancy: Alisha states earlier that she and Troy had attended parties at the Twin Towers in 1983.

She says that that Joe Caniglia was at one of these parties in late 1988, and that he had an envelope which she thought could contain (drugs or money?)

Discrepancy: What does Alisha think was in this envelope?

When asked which bars in the Omaha area serves minors, she said that The Run, The Gin Mill, The Mai Tai, The Metro, Moxie's, and Luckie's Place serves minors.

I was, and still am, interested in the murder of a young boy named Richard Chadek. When asked if she knew anything about this, she stated that she had met a young boy named Richie who is described as being approximately 12 years old with blond hair, a round face, and wearing a hat and Oshkosh overalls at a one of these parties at the Twin Towers. She stated that he was with an adult male who chewed tobacco and that he was also with Larry (Lnuk). This occurred in 1985 or 1986.

She also stated that she witnessed a young boy identified as John (Lnuk) who came out of a bedroom that he was in with Larry King and that he was crying. She witnessed that at that time, Larry King told Larry (Lnuk) to "take care of him." This occurred in the beginning of 1985.

She stated that Jeff Hubbell, who was involved with this group of people, had been admitted for treatment, possibly in November of 1984 at Epply Methodist Midtown Treatment Center. She stated that Larry King was very angry that he was there. Jeff Hubbell then disappeared from Omaha at this time, and we have been informed that he was just recently located in the West Coast by the FBI.

Inform the Grand Jury that we should be able to interview Jeff Hubbell.

She also stated that Jeff Hubbell, a former resident of Boys Town, had told her that "something wasn't right" at Boys Town. His houseparents at one point at Boys Town were Clara Belle (Lnuk) and her husband. At this time, he lived in a satellite house.

Alisha discusses the friendship between Judge Carlson and Tom McKinney, Assistant Douglas County Attorney. She knows an individual identified as Mary Devorak who paid both men to receive a lighter sentence for a DWI homicide. She paid them 2500.00. She stated that McKinney and Carlson are also involved in drug activity.

She stated that she knows Nikki Sowell and a female identified as Ginger (Lnuk). She also knows Jamie West, the daughter of Gary West who is a good friend of Larry King's. She said that Jamie may have also been exploited and/or is aware of these activities. She is also acquainted with Gary West and indicated that he is a bartender at The Max Bar in Omaha.

When questioned about satanic cult activity, she said that Troy Boner and Danny King were involved in this activity, and that at one time Danny King was extremely "anti-God."

Discrepancy: Both Troy and Danny deny having anything to do with cult activity.

She also mentioned a house on Leavenworth where there is, or was, a pentagram drawn on the kitchen floor. She also saw satanic pictures on the walls of this house. The house is described as having an old picket fence around it, and is located by an Old Home Bakery building. In addition, she stated that she saw Bob Wadman coming out of this house on one occasion.

Corroboration: Shawnetta Moore mentioned that a person actively involved in cult activity was a male identified as Kings Horses. She said that Larry (Lnuk) who was/is Larry King's "henchman" is known as Kings Horses.

She also indicated that she knows an individual identified as James Teddy Broom. She describes him as black, with greasy hair, a flat nose, slitted eyes, and that he "walks funny." Said that he does the "dirty work" for Larry (Lnuk).

Corroboration: Shawnetta indicates that Teddy Broom was instrumental in satanic cult activity, and threatened her if she said anything about what happened at the meetings. Shawnetta Moore also indicated that Teddy Broom raped her mother, Bobbie Moore, as a warning to her.

She knows a white male identified as Damien who is approximately 23 years old and wears one cross earring and one skull earring..

She knows an individual named Frank Kessler who she thought was "very strange" and who always talked about the occult, but wanted to get out of it.

You will also see a transcript of a taped interview from Amy Noble, who discussed satanic activity and teenage prostitution in Omaha. She too mentions Frank Kessler as being involved in cult activity. See Exhibit A-6 which is the transcript of Amy Noble. Alisha stated that Larry (Lnuk) introduced her to Amy Noble.

She also knew of a social worker identified as Florence Davis who may be associated with this group of people. She stated that Larry King could "get anybody out of anything" by offering them bogus jobs. It is also possible that Florence Davis may be involved in "funneling kids" into certain foster homes.

See a transcribed interview with Prudy Knowles (Exhibit X16) the Director for the Omaha Children's Home for further information regarding Florence Davis.

Another item that she mentions is that she knows of a female who previously worked in the US Attorney's Office who is now feeding information to Larry King and his lawyers. (Or vice versa) This female is described as a white female, attractive, and in her late 20's. Alisha was informed of this by Jackie Compton in January of 1988, and she also heard this from overhearing a conversation between Troy Boner and Larry (Lnuk).

Does Troy say that he had a conversation with Larry (last name unknown) about this?

She noted that Walter Simms, an individual who lived in the foster home of Charles Payne, a former Omaha Police Officer, was at one of the parties at the Twin Towers.

When asked about the disappearance of kids in the past several years, she stated that they were either sold or murdered. From 1983 to 1989 she mentioned the following individuals as disappearing: Jeff Hubbell, John, Gene, and Aaron.

Discrepancy: Jeff Hubbell has been located by the FBI.

On this first video taped statement, Alisha also discusses how she came to be incarcerated.

She states that Larry King and Alan Baer wanted Troy Boner and herself out of town. They were, therefore, going to move to California. She had written checks and according to her, someone, possibly Alan Baer, was going to cover these checks. It was her understanding that Alan Baer purchased the car that Troy and Alisha were going to travel out to California in. Before they left, however, she decided to make one more trip back to her apartment

and pick up some papers or notes that would possibly reveal where they were going to move to. At this time, she was arrested by OPD and all the documents, etc., in her car were confiscated by OPD.

She then checked into St. Joe's Mental Health Center in October of 1988. While at this facility, she received a telephone call from Troy Boner asking her to walk out of the facility and go with her to California. She refused. Troy then said that "she would fry for it then."

Also, after she was arrested, she was let go on a \$20,000 signature bond, which she thought was very strange.

Discrepancy: Does this mean she would fry for the bad checks, or that she would fry because she wouldn't go to California.

Toward the end of this video taped statement, I asked she if she could identify several photographs. The series of photographs are marked Exhibit A-8. The typed results with her signature are marked as Exhibit A-9.

After hearing what Alisha had stated, I myself wondered why some, or one of these kids, did not come forward. When asked why kids didn't come forward with information regarding their exploitation, she stated that the kids received clothes and money, and that they could stay in the Twin Towers apartment whenever they wanted to. Threats were also made toward not only the kids, but also their families. Larry King made a direct threat to Alisha that he "knew someone" who would kill her or her family.

Alisha also gave a video taped statement to me on November 21, 1989, at the Nebraska Center for Women in York, Nebraska. Again, a Waiver was read to her and signed by her. See Exhibit A-10. The second video taped statement will be marked Exhibit VID III.

Alisha again discusses how she became incarcerated. She reiterated that Larry King and Alan Baer wanted her and Troy Boner out of town, so they were going to move to California. She said that they had become too old and had become too much of a risk. She said that Troy asked to write checks to buy cocaine, which she did, believing that Alan Baer would cover these checks by that next Monday. Also, since she knew she was leaving town, she wrote numerous other checks, which she alleged Troy actively participated in.

Also, Troy had called her and said that he had received a vehicle from Alan Baer.

Discrepancy: Troy did not say that he participated in writing the bad checks, nor that he received a vehicle from Alan Baer.

Also, during the time that they were making the plans to move to

California, Troy told Alisha to go to the Department of Social Security and pick up a social security card. She did so, and obtained a card with a different social security number than the one she was issued originally. She gives both of these social security numbers in the video taped statement.

She also stated that Alan Baer had given Troy Boner \$1450.00 in cash which occurred outside in front of the ConAgra building in Omaha. She said that the cash was in 100's and 20's, with one fifty-dollar bill. She stated that out of this cash, Troy gave her fifty dollars.

She said that Troy had told her to put together a budget for how much money they would need to live on in California. She then put together a budget that was much higher than necessary so she could "skim" some of the money in case she had to get out of California. She also requested, and was given, an open-end ticket from California, possibly on United. The ticket was in her own name and the destination was Omaha-Denver-LAX. She stated that the OPD Evidence Department may have this ticket as it may have been in her car when she was arrested.

Corroboration: Ask OPD if they have this ticket.

She stated that Danny King was also going to move to California with them because the house that he had been living in had burned down and he (Danny) thought he would be blamed for the fire.

She also stated that Danny had lived with a cocaine dealer identified as Zeke or Zig (Lnuk).

Since Alisha was now in trouble regarding the bad checks she had written, she went to stay with a friend in Lincoln.

Corroboration: Locate this friend and ask him if this is true. Also, we need his name.

She estimates that she wrote approximately \$200,000 worth of bad checks in several states. She feels that it is possible that Alan Baer or Larry King may have covered some of these checks, since she was only prosecuted for a few of them. See Exhibit A-12 for information regarding the prosecution of several checks in Douglas and Sarpy Counties.

She stated that Troy Boner did cover a check that she wrote at Ed's Drugstore in the amount of approximately \$60.00.

Alisha's attorney told her that she would probably get probation, however, she received three to four years for the checks she had written in Douglas County.

She also explains one of the checks in Exhibit A-13 regarding a

check written on her father's company, Owens Contracting and Drywall. Sometime during this time, she was harassed by a private detective identified as H.D. Mitchell. She also stated that H.D. Mitchell is aware of her two social security numbers.

During the second video taped statement, she again discussed the pornography aspect of this case. She said that Rusty Nelson develops his own photographs and that he would more than likely have the negatives of the group and individual pornographic photos, possibly to blackmail Larry King at a later date. She reiterated that Rusty Nelson and Larry King would "direct" these photographic sessions. She said that she would cry and try to get out of participating in these sessions, but she would be "slapped around" if she didn't participate.

Between the time of Alisha's first video taped statement and her second video taped statement, she said that she has called an individual named Beverly Clinard who is, or was, a dancer at the Last Chance Saloon. Beverly had Rusty Nelson take nude photos of her for her husband who was in the penitentiary, in exchange for "speed balls" which is a form of cocaine.

She said that many times Larry King photographed what she termed as "dick shots" of, and with, the kids, among them Danny King, Troy Boner, and Jeff Hubbell. She also reiterated that there were pornographic photos of Harold Anderson and Alan Baer in the photo album that she saw at the apartment at the Twin Towers.

Discrepancy: Do Troy and Danny say this?

Regarding further information regarding the parties she attended, she stated that during many of these parties and sexual encounters she would black out, probably due to being given a "Blue Hawaii", a drug that tastes like peppermint. She would wake up many times with only a blanket wrapped around her.

She stated that there are probably more pornographic photos of her due to being given the "Blue Hawaii", which she said is chlorhydrate, and not being able to remember what always occurred. She said that she was instructed to make "Blue Hawaii's" for other kids as well.

She also said that Larry King would pick up kids to bring to his parties. She also said that Harold Anderson and Peter Citron would pick up kids to bring to the parties.

She again stated that Shelia Calder would "arrange things" for various parties, and would also make appearances at some of the parties. She stated that Joe Caniglia appeared at several of these parties.

On the second video taped statement, she corrects herself regarding

the date of her sexual encounter with Judge Carlson. She stated that it was 1986, not in 1985.

She states that Alan Baer and Troy Boner would meet at the Quality Inn Motel in Bellevue for sexual encounters as recently as 1988, and that the room would be registered in Troy's name. She stated that they would meet on the 21st or 22nd of each month.

Corroboration: Get the records from the Quality Inn for this time period.

She also states that Alfie Allen had been given a Mercedes Benz by Larry King, and that Alfie was very upset when the money stopped coming in because of the closing of the Franklin Credit Union. She stated that he was a parking lot attendant at the French Cafe during the years of 1984 to 1987.

Toward the end of this video taped statement, she was again shown photos. These photos were of various District Judges.

Discrepancy: She did not identify Judge Carlson.

She also remitted several photographs of herself in the black dress that Bob Wadman had purchased (Exhibit A-4). She also remitted a picture of herself and her child, which she believes to be Bob Wadman's child. (Exhibit A-15).

Alisha again remitted a video taped statement to me on February 3, 1990, at the Women's Reformatory in York, Nebraska. This video taped statement is marked Exhibit VID VIII.

She relates the names of the teachers she had while she was in high school. She states that in order to get out of school so that she could participate in these activities, she had numerous doctors' notes that either Larry King or Bob Wadman gave to her to present to school officials. She does not know whose handwriting was on the notes, but she thinks that the handwriting may be Bob Wadman's or Larry King's.

Corroboration: Are these written notes in her file at the school? Whose handwriting are they in?

Other information gained from Alisha indicated that at one time a uniformed OPD officer saw her with Bob Wadman when she and Wadman were parked at a stoplight. He told her to put her head down as if she were looking in her purse, and he then squeezed her on the knee and hurt her and told her not to look up. She stated that the police officer was a white male.

Corroboration: Find out who this officer is.

She states that when she got speeding tickets and she couldn't

reach Bob Wadman, that she would call Alan Baer and the tickets would always be taken care of. She cites one example which occurred in August of 1986 when she received a speeding ticket in Glenwood, Iowa, for traveling in excess of 100 miles per hour. She was afraid of losing her license so she made some telephone calls to California, and the ticket may have been taken care of by Alan Baer.

Corroboration: Check the court records in Glenwood, Iowa. Who did she call in California?

Alisha said that in April or May of 1984 when her parents were out of town, that she had a large party at her parent's house. Approximately 300 kids attended this party. She had told Wadman that she was going to give this party on the Wednesday prior to the party. It was a very loud, boisterous party, however, not once did any police officer respond to neighbors' complaints about the party and kids parking their cars on the neighbors' lawns.

Corroboration: Ask the neighbors who lived in that neighborhood at that time if they remember this party?

She again discussed the parentage of her child. She said that she is 99.9 percent sure that her child is Bob Wadman's, and that conception occurred in August of 1984. She had sexual intercourse with him on August 8th, August 10th, August 17th, and August 22nd. All of these sexual encounters occurred at the Starlight Motel, with the exception of August 10th which occurred at the Twin Towers apartment.

She did state, however, that she had sexual intercourse with two other men during the month of August.

She had sexual intercourse on August 1st with an individual who she does not know the name of. This occurred on a Wednesday at the Starlight Motel in Council Bluffs. She describes this individual as a white male, 5'11", with auburn hair, and freckles on his back, and very hairy. She said that he was in his forties. She thinks he was a "wealthy" man. This sexual encounter lasted approximately 20 minutes.

She had sex with another white male on August 15th at the Starlight Motel. This too was on a Wednesday. She describes this man as having a pot belly, 5'10" tall, and in his late forties or early fifties. She said that he was a "talker" and a "slobberer", and that he wore glasses because he had a dent on the bridge of his nose that glasses make. She further describes him as balding with grayish/white hair. He wore a wedding band with a large diamond in the center and two smaller diamonds on either side. This sexual encounter lasted approximately two hours, during which time he would occasionally hit her.

Other information gained from Alisha was that Bob Wadman always carried a gym bag in the backseat of his car which she thought may have been for a racquet club since he liked to play racquetball.

She describes in the third video taped statement Bob Wadman's physical characteristics reference his genitals, and other characteristics.

Also, she said the Wadman did not get along with one of his sons, at least at that time, and that one of his daughter's name was Christine.

Corroboration: Does Wadman have a daughter named Christine?

Alisha Owens has been very cooperative with me regarding this investigation. The ordeal, however, has been horrendous for her. I would like to submit to you three letters that she wrote to me regarding her fear and anguish at having to relive these events of her past. See Exhibits A-17, A-18, and A-19.

One of my main concerns for not only Alisha, but the other victims as well, was that of protection. I had expressed my concerns many, many times to the committee and the committee's counsel. See Exhibit A-20 for Senator Schmit's reponse to a request for protection. After receiving the senator's response, I then submitted a letter to John Stevens Berry, counsel for the committee, requesting protection of the victim/witnesses. See Exhibit A-21.
