Scope: Appriss will develop an enhancement to the PMP Clearinghouse record validation process to ensure that data from pharmacies existing in the approved list of counties (subscribing counties) is imported in the PMP AWARxE system. A subscribing county is a county or jurisdiction that has enacted appropriate legislation authorizing participation in the St. Louis County PDMP and engaged in a User Agreement with St. Louis County. Saint Louis County Department of Public Health (DPH) will send the list of subscribing counties to accept data from to Appriss on a quarterly basis.
