MOS was at work today. He skinned a sick report on the Sgt's desk & said he was going out sick. Sgt told him to stick around & he refused & left. Didn't follow procedure. Typically, they call sick desk & unit, cannot to arrange coverage. MOS was working on T.S. MOS did not go straight home. Cops are at his home waiting for his arrival. They called MOS on his cell phone. They think he picked up & then hung up. Since they no answer they are thinking of arresting him but they suspect it is more of a psych problem. XO of MOS' command (81st) is Capt Lauterborn & request response per LES. ————— C. J. [unclear]

T/C Capt Lauterborn

MOS doing a 7-3 day tour today, at TS all day. all was fine. He typically keeps to self & doesn't converse much with other than, odd some today. Nothing seemed out of ordinary.

2111 - he went down to locker room, changed & then put a sick report on Sgt's desk & sd going sick. He wrote that he had stomach pains. Sgt tried to stop him but he left anyway.

Underlying issues - MOS has made allegation against others. Dept's investigation of these allegations picked up this week & it snowballed from there. This week, about 4 PO's & 2 civilian people were called down for questioning. MOS goes up to them & asks about it, notifications are in telephone message log so he knows who is going. When they return, he tries to intercept them & get info from them about what he was asked. Today was 1st tour back after RDO's. Not sure what happened today that triggered him to leave like that.

D.leyton, Perry, Sgt & Capt L, all left
him message & asked him to go back to command
a lot is at his home. His car is there.
Landlord said MOS may have been there earlier. Commonly
seen MOS' potatoes there here. MOS not ~~there~~ here.

- I left a msg on MOS' cell phone. I gave my
cell # & Capt L's cell phone. I told him that Capt
said he could just return to his home if he didn't want to
go to the command, I urged him to go home on cell L Capt
so this could be resolved quickly & easily w/o need
of a debriefing or to search for him, or displaying
active like comparisons. Much easier to just create it
quickly & easily now. I explained that everyone is just
concerned for his safety & they want to make sure he is ok.

- I called Capt Lauterborn - I urged Capt that I left
msg on MOS' cell phone as described above. I suggested Capt
call MOS' father b/c that's the person he is closest to & the
person who is most likely to know his whereabouts. Capt will
call up when he can or hear from MOS.

ACE Capt Lauterborn

Still no word from MOS, Capt called MOS' father,
who also hadn't heard from him. Father "had some issues"
over phone but eventually understood Capt's point of view &
concerns. Hoping Father will call MOS & encourage him to go home.
Capt will go to MOS' home. It's possible he's here but not
knowing where (Landlord has space?). yes & Capt has it, but
legal issues & why it's there to have cause. Hoping to avoid going
that route.

ACE Sgt Klau, sick desk, off duty since not known when
MOS might be located.

Re: Po Adrian Schoelkopf

attention to 10/31/09 note of TKE & Capt Lauterborn at approx

1750 hours. Delayed entry made on 10/14/10, when reviewing
folder, the below info was found to not be documented in prior notes, but
is clear in US' memory. Capt Lauterborn stated if MOS was
suicidal or depressed, because he needed to know how concerned they
should be about MOS' safety given his giving away not answering phone
calls, not answering door of home but kitchen was there, etc. of incident
Capt that of last saw MOS at PES on 10/27/09 & at that time
he looked ok & reported being asymptomatic. At no time had he
ever expressed thoughts of suicide, but he also never was alone before
& after the way he was acting on 10/31/09. My assessment of his
suicide risk to only as good as the last time of saw him. All severity
happened after that & led him to be so upset that he left work
without permission or home before the end of his tour, said he had
stomach pains, etc. that I am unable to say with any reasonable
amount of certainty that he is not at risk of ST under present
circumstances. I provided Capt with below info about reason
MOS was on R/D - that he had significant physical Sx of asthma
(Normality G2 Sx, Cardiac Sx, etc). Whether if MOS was
reporting asthma on 10/27/09 when he said all of his Sx went away
w/o Tx, Motivation to minimize is that he did not want to be on P/R/D,
he was often denying initial event but denied any Sx in subsequent
unitary sessions, when the supervisor being report about being on P/R/D, his report
on 10/31/09 that he had stomach pains severe enough to prevent being work before
end of tour, w/o previous suggestion either the Sx never did go away or
they recurred on 10/31/09 due to his being really upset about security.
It is also possible there was a medical cause for the stomach pain
but the angry manner in which he left work suggests a psych. cause.

10/27/09 - EFT 2105

Adrian Schoenberg & Mios that I called her in connection with
my notes from - 2 vit vacuum b/c of receiving that he

Adrian make a comment down that Adrian told Mios the reason

why he is on R/D. There are but decisions that an doctor can't

control a subsequent visits, of especially on continuity of

how he may not have wanted to tell her that the reason why he

was on R/D. To make sure that he has a clear understanding of

why he is on R/D, of course I explained in detail that he is on R/D

b/c he had significant physical manifestation of stress that

was coming much deeper & would benefit from treatment &

frank working.

Mios said he no longer has those physical symptoms

even though he is still having the same reaction on before

while on R/D, he is at least deal of PCT dealing with

complete out of any way - not aware of his, but not coming

for attention (in his opinion) or maybe F/D needs

of open resources stress mgmt & relaxation training so the

remember he is just with relaxation exercises, he can't

have a recurrence of the chest pain, yesterday morning

reports stomach, etc, that he had a good meal when he left

came to PES. He said he bought both books of Mios and it

didn't help before. He thought the Buns book was better.

copy & prepared the Buns book. He thought Buns book

looks to feeling's copy or had Buns book in the past & it very

for him then (so he can't read much of them), he said he

could - the people of Mios's book is the extra &

one with free/having a ball kind of call help he give on

Adrian thought of his side by Mios's book (BT the physical side of out

he said he would call later & he provide it from of his

about Mios plan so of course make sure the provider or

in network, Mios expressed an approval of the exercises

10/27/09 - T/C C Mos

cl helped Mos that cl found a number of psychologists in
Forest Hills (his preferred location) who accept Aetna HMO &
spec. care in (87, Ave, 1st floor Apt 1). He does not
have a private for a number of reasons, to mail it to
him. cl also gave him the Aetna behavioral health.com
website for further inquiry as well as a list of self-
assessment tools.

2235 - T/C Capt Lauterborn

Made entry using key b/c hardford heard
footsteps. He said he was sleeping whole time
but not possible with the amount of banging & yelling
they were doing outside before going in with the
key to make sure he was OK. ~~at~~ ~~in~~ ~~a~~ ~~bad~~ ~~area~~

He admitted that Jeff called him back & denied
him the sick leave, but that he left the command company.
Capt explained that they were concerned he was sick & they didn't
know why he left in such a hurry that way.

MOS sd "why worried when no one was ever worried about
me before." He refused to go to command & kept saying he
didn't feel well. ^{Capt} Called ambulance. EMT's took
his vitals.

BP very high. 170/120.

EMT wanted him to go to hosp. b/c BP so high. MOS opt'd
~~then~~ MOS agreed but then refused. He ran back
inside or had to be stripped down & forcibly taken to
Sanara Hosp. hl. (1) MOS ~~sd~~ said he wanted to sleep at home & would
go to ER on over the next day, but EMT couldn't allow that b/c BP so high.
Chief Merino was there & suspended him.

MOS was very disrespectful in every way. Chief gave
him so much room but MOS out of control to total
disrespect for supervisors.

Whole time talking to ~~John~~ on cell phone. Could hear ~~John~~
yelling. (at MOS or to him about situation?) Not at MOS. Father
angry about NIPB handling of this or other situation to MOS.
Father doesn't have accurate info, in fact libelous.
